

Mayor Luke Feeney, Safety and Service Director Carman and the Service department are pleased to announce the City of Chillicothe will have a full curbside leaf collection program this year starting the week of October 15, 2018.

Mayor Feeney asks that residents prepare their leaves in the following manner to allow city crews to remove the leaves efficiently.

- Leaves should be raked to the curbside grassy area between the street and the sidewalk. Leaves should not be piled in the street where they can be washed down storm sewers.
 - IF there is no grass between the street and sidewalk, pile your leaves on your grass. Please do not block the sidewalks.
- Collection will start in your neighborhood at 6:00 a.m. Have leaves at the curb by 6:00 a. m. on the Monday of your pickup week. Collections will take the entire week to complete in each zone.
- **It is very important not to park vehicles where you have leaves to be picked up.** If a vehicle is parked blocking access to the leaves they will not be removed.

Leaves will be picked up according to the day that your trash pickup occurs. If your trash is picked up:

- Monday trash pickup: Leaves will be removed:
 - October 15 – October 19, 2018
 - November 19 – November 23, 2018
- Tuesday trash pickup: Leaves will be removed:
 - October 22 – October 26, 2018
 - November 26 – November 30, 2018
- Wednesday trash pickup: Leaves will be removed:
 - October 29 – November 2, 2018
 - December 3 – December 7, 2018
- Thursday trash pickup: Leaves will be removed:
 - November 5, 2018- November 9, 2018
 - December 10 – December 14, 2018
- Friday trash pickup: Leaves will be removed:
 - November 12 - November 16, 2018
 - December 17 – December 21, 2018

Residents are reminded that leaf piles that are mixed with grass trimmings, branches, brush or other not-leaf content will not be collected through this service. Residents with branches, brush, etc. may take them to the Consumer Center Drive disposal site on Saturday's or call the yard waste line for pick up (740-773-9715)

Please be aware that leaf collection creates a fine dust in the air, so plan accordingly.

We appreciate your patience as we try this new approach to leaf pickup. Please be aware that inclement weather can cause slowdowns, but we will pick up your leaves.
